

SAFETY TIPS

From Old Fashion Candy Co. Inc.

While fundraising is a positive, confidence building experience for children, safety is our main priority. Here are some safety dos and don'ts for selling.

- We do not condone door-to-door selling. However if you choose to sell door-to-door an adult or parent should supervise. Solicitation should be done during the day and never at night.
- Children should never reveal personal information about themselves to anyone including their home phone number.
- Never enter a home without checking with and being accompanied by the supervising adult.
- Parents can be involved by selling items to their friends and coworkers.
- Use the buddy system and never sell alone.
- Do not carry large amounts of cash.
- Use the telephone to call family and friends to ask them to help your group by making a purchase.
- Check with your school district /and or local government to see what rules and laws are in force governing fundraising activities in your state.
- Children should be encouraged to work as a team instead of competing against one another. This encourages cooperation and reinforces safety rules.
